HOTEL RESERVATIONS:

We will send registered Fly-In participants a listing of DC area hotels that may help meet your lodging needs.

WHY SHOULD I PARTICIPATE IN THIS FLY-IN?:

- ? Highway congestion is at an all time high.
- ? Higher weight limits will enable US companies to compete more efficiently in a Global Marketplace.
- ? We must find ways to lower vehicle emissions, reduce fuel consumption and reduce vehicle miles traveled (VMT).
- ? Our increasing GVW proposal can accomplish these objectives.

WHO SHOULD ATTEND?:

- ? Anyone whose business is threatened by non-competitive trucking gross vehicle weights.
- ? Anyone willing to tell Congress why increasing GVW on our Nation's Interstates and Federal Highways is critical to their business survival and can be accomplished safely.

REGISTER NOW:

Please call 301/838-9385 or e-mail Sylviane Mason (smason@forestresources.org) to let us know you plan to participate in this year's Fly-In. We are shooting for a critical attendance mass of 60+ Fly-In participants.

QUESTIONS?:

If you have specific Fly-In questions, please call 301/838-9385 or e-mail Richard Lewis (rl@forestresources.org).
